

## MSc Environment and Resource Management (ERM)

Once all the course components of your programme have been satisfactorily completed, you can apply for the diploma using the following procedure:

- When you present the results of your Research project (during the presentation week at the end of June, resit end of August), make sure you bring with you the list of your results. You can obtain a list of your results from the programme secretariat (C 118, W&N-building). At this point some results may still be missing. The Master's co-ordinator, Mathilde Molendijk, will sign for approval of your subjects and hand in the document at the programme secretariat. You should have an approved combination of subjects at least five weeks before the date of the examination.
- **At least two weeks before the date of the examination, you need to apply for your diploma at the programme secretariat.** You may only submit an application for the programme for which you are *actually registered*. If you are still registered as a Bachelor's or pre-Master's student, you can not yet apply for your Master's examination.
- **The application has to be accompanied by:**
  - written approval of your combination of subjects
  - filled out application form (to be found at the [website](#))
  - result of your most recent assessment, assuming one was made
  - copy of your passport
  - evaluation form (to be found at [website](#))

*If you have any questions about the registration of your results in VUnet, please contact the [programme secretariat FALW](#).*

- If you leave the Netherlands while still waiting for your final results, please make sure you apply for your diploma before leaving.
- Once you have successfully completed your programme of study, you can submit a deregistration request via [www.studielink.nl](http://www.studielink.nl). After having received this request via Studielink the student administration office will send you a letter confirming your deregistration date. Deregistration will be effective the month following the month in which the examination concerned was taken (except for the months July and August). Your graduation ceremony therefore takes place at a later date than your examination date and de-registration.
- Graduations take place four times a year in principle. For a detailed list of graduation dates and corresponding deadlines, please refer to the timetables below:

MSc ERM				
Deadline approval of your combination of subjects	Deadline application	Examination date <sup>1</sup>	Graduation date	Room
29 July 2011	<b>12 August 2011 (a)</b>	31 August 2011 (a)	Thursday 8 September 2011	Auditorium
